## HES Newsletter 2024

Gratitude is one of the finest qualities that a person can exhibit in this life. As we go forth throughout this year may we all look for the things that we should be grateful for such as a nice school. May we look at the glass half full and encourage others to do the same. I am grateful for the opportunity to spend time with your children here at HES, learning and growing together. They are truly a light and always deserve the best of what we have to offer.
