Bright Buffalo for November

Way to be STRONG!

*Smart-Teachable-Respectful-
Outstanding-Nice-Grateful*

The Christmas Season is here and the students are ready. This month we would like to try something fun for this holiday season. On Dec. 7th till the 22nd we would like the students to think of kind things that they can do for others at school. Here are a few simple ideas.

- *Bring a snack for your class.
- *Write a nice note to a teacher or a friend.
- *Give a compliment to someone.
- *Play with someone different at recess.
- *Ask to help a teacher with class projects.

There are so many things that we can all do during the season to show our gratitude.

Thank you for your help as we find joy in the spirit of giving.
