President's Day

Famous Falcons

This month we are focusing on students that are determined, dependable and do their work. Our "Famous Falcons" that exemplify these behaviors are:

PreK: Harper W & Jensen S

K: Paxon S & Jayden S

1st: Adalyn S & Saharra J

2nd: Tynnlee J & Kashtyn J

3rd: Tate G & Emree S

4th: Tucker N & Zinnia S

5th: John M & Sloan H

Student Government

Kenna Albrecht

McKoy Johnson

Mason Brennan

Fifth Grade

We have been learning and growing a lot this year in 5th grade! 5th grade gets the privilege of participating in student government, and they are doing a fabulous job of taking care of the flag and giving the morning messages. In class, we have been studying fractions, decimals, and mixed numbers in math. The students are doing really well. In science we have been learning all about the placement of saltwater and freshwater on the earth and the percentages of each. We are diving into weathering and erosion and the changes they create on our earth. The students are working extra hard this quarter on the United States and the capitals and their Patriot Award. We love singing our Patriotic songs! The students have been learning all about figurative language and how to write persuasive essays. We love learning and working hard! ~Mrs. Barlow~

Principal's Message

~Remember to look after yourself and each other~

We have all had a time when we've needed support. Be there for someone when they need you and be prepared to accept someone's support when they want to help you.

~Mrs. Potter~
