Kyson S

Fourth Grade

Fourth grade is busy learning about Utah History. We are preparing for our fourth grade play, which will be some time in May. The students enjoy learning about how Utah was settled. The songs are always a highlight of the performance.

In math, students have finished learning about fractions and they enjoy working in daily math centers. In reading, students love to read their literature circle books. We have been spending a lot of time learning comprehension skills and strategies. We are integrating a lot of science during reading time. Mrs. Ekker teaches math and Mrs. Blackburn teaches reading. The students enjoy the opportunity to have both teachers each day.

Principal's Message

Thank you for making our school a happy place!

~ Mrs. Potter~
