Kindergarten

Kindergarten students have been working on reading and writing short sentences, and counting and writing numbers. In science, the students have been learning about plant life cycles and had the opportunity to go on a field trip to Hansen's Pumpkin Patch to further explore the pumpkin life cycle and learn how pumpkins are grown.

In November, Kindergarten students will continue to read, write, and compare numbers. They will also learn about wants and needs, and holiday traditions for Thanksgiving around the world.

Principal's Message

November is the time to be thankful, a time to remember, and to embrace those who enrich our lives. We are thankful for a lot of things, but we are most thankful for you, our students and staff!
